

Greetings,

I hope this email finds you well.

I am Doreen, first year Masters student at Columbia University and am interested in the mentioned role.

I have about two years of work experience at BOSCH as a software engineer and am skilled in communication and teamwork. Last semester, under the guidance of Prof. Kenneth Shepard, I worked on designing a microprocessor and became well-versed in Physical design.

Please find my resume attached along with my work LOR and do let me know in case you have any questions.

Thanks and Regards,

Doreen,

MS in Electrical Engineering,
