

Respected Sir/Madam,

I am Karthikeya Sharma, a graduate student pursuing an MS in Electrical and Computer Engineering at Georgia Institute of Technology. I will complete my course requirements by the end of this semester and graduate in May 2025.

I am writing to express my interest in full-time roles starting May 2025, particularly in RTL design, verification, hardware acceleration, performance modeling, or related areas in Computer Architecture. I have attached my resume for your review.

I would be grateful for the opportunity to discuss how my background aligns with any available opportunities. Please feel free to reach out if you have any questions.

Thanks and Regards,

Karthikeya Sharma
