

Hi,

I am very keen on joining Ahead Computing as an intern and exploring opportunities within your team. With four years of experience in Design Verification at Cadence Design Systems, I am eager to apply my expertise in a fast-paced, innovative startup environment where I can make a meaningful impact while continuing to learn and grow.

I am particularly drawn to Ahead Computings dynamic culture and would love the opportunity to contribute. Please let me know if there are any internship opportunities availableI'd be excited to connect and discuss how I can add value to your team.

Regards,

Onkar Dhaigude

.Hi,

I wanted to follow up on my previous email regarding internship opportunities at Ahead Computing. I remain very interested in the possibility of joining your team and contributing my experience in Design Verification.

If there are any available roles or upcoming opportunities, I would love the chance to discuss how my skills could align with your teams needs. Please let me know if theres any additional information I can provide to support my application.

Looking forward to your response!
