My Name is Nathan Mai and I just came across your website and notice Ahead Computing is a new company in Portland, OR.

I am very interested in a possible role if there's a great fit.

I have 10+ years of experience in DV with the last 6 years in CPU Verification at Ampere Computing.

I have attached my resume to this email for your reference.

Feel free to reach out to me if there's any interest!

Warm Regards,
