

## Summary:

Adithi S Upadhya is a soon-to-be MS graduate in Electrical and Computer Engineering from Georgia Tech with a strong expertise in computer architecture and logic design. She has industry experience from Samsung Austin R&D Center and Intel Bangalore, where she worked on GPU RTL Design and RTL Design respectively. She has also engaged in several computer architecture projects that have deepened her understanding of processor design.

Name: Adithi S Upadhya

Email: adithi.u7@gmail.com

Phone: 470-530-7680

Location: Atlanta, Georgia 30308

Country: USA

Position Category: Design: Logic design

Desired Job Role: CPU Microarchitecture and Logic Design Engineer

University: Georgia Institute of Technology, National Institute of Technology Karnataka

Degree: MS in Electrical and Computer Engineering, B.Tech in Electronics and Communication Engineering

Graduation Year: 2025, 2023

Years Experience: 2

Notable Companies: Samsung Austin R&D Center, Intel

Top Skills: Verilog, System Verilog, Python, ARM v7, MIPS and RISC-V ISA

Job Intention: full-time

Visa Status: --

Able: no

Subject: Working at AheadComputing

Date Sent: 02-23-2025

Resume: Yes
