

Hello,

My name is Alex Calixtro and I recently saw on LinkedIn that your startup company, AheadComputing Inc., is looking for a Junior Human Resources Specialist to join your team and I am very much interested in being considered for the role. A bit of my background as you will see on my resume includes graduating from Portland State University with a B.S. in HR Management. While obtaining my degree, I worked at a staffing agency to build my repertoire. After some time learning more about talent acquisition, I really wanted to do more in Human Resources and I joined the current company I am at right now where I am employed as their HR Generalist. I believe my experience at both companies and being bilingual in English and Spanish would be a great addition to your company to not only help the team in Beaverton, OR, but also the team in Guadalajara, Mexico.

Thank you so much for your consideration. I hope to hear a response in the near future.

Best,

-Alex Calixtro
