

Dear Hiring Manager,

I am Madhavi Boinapally, a recent graduate from San Diego State University in Electrical Engineering. I am writing to express my interest in the Physical Design Engineer role at AheadComputing.

I have strong fundamentals and hands-on experience with Physical Design and related tools. My coursework included ASIC Design, Static Timing Analysis, Design for Testability, VLSI Circuit Design. I did Physical Design projects using Cadence and Synopsys tools. I came across a job posting in AheadComputing and I believe that I have strong skills that align with the job description. I am attaching my resume for your reference.

I would love the opportunity to further discuss how my skills and experiences align with the needs of AheadComputing. Please let me know if you need any additional information. I look forward to hearing from you.

Thank you for your time and consideration,

Madhavi Boinapally,
