Dear Hiring Team,

I hope you are doing well. My name is Srikanth Muthuvel Ganthimathi, and I am currently pursuing my

Masters in Electrical and Computer Engineering

(VLSI specialization) at Binghamton University. I am reaching out to express my strong interest in a

Co-op position

starting in

May

in

ASIC/SoC Physical Design or RTL Design

at AheadComputing.

I am eager to apply my expertise to contribute to AheadComputings cutting-edge RISC-V processor

development and would love the opportunity to discuss how my skills align with your team's vision.

I have attached my resume for your reference. Please let me know if we can set up a time to

connect.

Looking forward to hearing from you!

Best regards,

Srikanth Muthuvel Ganthimathi

(607) 338 8724

Hi Srikanth-

We think co-op positions are fantastic! They provide students with tons of practical experience

utilizing the skills they learned in their studies while giving companies a chance to see the best of

the new generation of engineers problem solve with innovative solutions. Unfortunately,

AheadComputing is not yet ready to offer co-op positions that are high impact and rewarding for the

students. Best of luck in your co-op position search! Please do keep AheadComputing in mind for

future positions.

Sincerely,

Jonathan
