Hello,

My name is Dishank Devendra Machkar. I am a Master's student in Computer Engineering at North Carolina State University setto graduate thisspring. My areas of interest are Computer CPU/GPU Architecture, Digital Design and Verification.

I came across your job post for CPU Performance Architect on your website. It sparked my interest in learning more about the company and thejob role in your company. As I myselfhave delved into software engineering inmy past job role, and hardwaredesign and verification in my current degree program, I am confident I would be a perfect fit for this position.

I have attached my resume for your review. I am set to graduate in Mayof thisyear andwant to join the land of silicon engineering and apply my experience and adaptability to these roles.

Thank you for considering my request, Hope you have a wonderful day!

Best Regards,

Dishank Machkar
